GREETINGS: It is my pleasure and a great privilege for me to share my message of congratulations with you all on the 18th IUM Convocation of this fast pace and great university. It is a relief that this year's first Convocation is taking place in an improved atmosphere health and wellness, compared to the previous years when the ceremony had to be conducted under strict restrictions dictated by COVID-19 regulations. Although Government has not declared COVID-19 a thing of the past, its virulence has been much subdued, hence the more relaxed environment in which we are able to gather and celebrate with our graduands who are receiving their qualifications today. Notwithstanding, in the interest of the IUM family and the country at large, this ceremony is conducted virtually until such a time that the situation improves.

IUM CONVOCATION: At its meeting on 16 September 2021, the IUM Governing Council resolved that, from the year 2022 onwards, the university should introduce two convocation events due the growth of our graduates, i.e. Winter convocation in May, and Summer convocation in October.

At the May 2022 Convocation, a total of 1434 certificates will be awarded. Overall the majority of our graduands who receive Bachelor Honours degrees, while 53 graduands will be awarded Masters Degrees, and one graduand will receive a PhD degree in Business Administration.

It is noteworthy that the following three qualifications are being awarded by the university for the first time: a) Bachelor of Science in Electronics Engineering Honours- Specialising in Electrical; b) Bachelor of Accounting Honours and; c) Doctor of Philosophy in Business Administration.

I urge and encourage new graduates to be bold and self-confident as you enter the labour market in search of employment opportunities in this country and elsewhere. You should therefore always realise that you are adequately skilled and well equipped for today's labour market demands. I would also like to urge as many of you as have the impulse to be self-employed or employment creators to pursue your life's dream with fortitude and limitless imagination.

One good thing that came out of the COVID-19 circumstances has been the popularization of our online delivery of academic programmes. It is worth noting that this year, our application for admission and registration of students were done electronically/online and this has enhanced the speed and coverage of the exercise. In addition the strategy to broaden our outreach to potential students not just in Namibia but beyond our borders is already being accomplished. The university has commenced with Online Distance Learning (CDeL), a number of Namibian and regional students have fully registered for the current academic year 2022, this includes students from UAE. This is a clear indication that IUM is already a player in the new age of digital transformation.

TRIBUTES: For the accomplishments enumerated above, our sincere thanks must first go to all our stakeholders – students, staff, parents/guardians, Government and Private Sector, for their sustained support to the IUM Vision and Strategies.

Special thanks must also go to all my colleagues who serve on the IUM Executive Committee, Senate, and Academic and Research Committee for their assiduity in seeing to the effective management of the institution in pursuit "consolidated performance".

To all IUM staff, including Faculty Deans, Center Directors and Heads of Departments, both management and academic, as well as Campus Directors, you deserve to be commended for your inexorable commitment to duty and the nurture of our students. Here at IUM, every one counts! Finally, the oversight functions of the IUM Governing Council should not be taken for granted; members have demonstrated their commitment to duty in many ways over the past years. Special tribute is due to the Founder and Chair of the IUM Governing Council, Prof. David R. Namwandi for his indefatigable effort to see the fulfilment of his vision that is i.e. "A Namibian university dedicated to its people's future". The evidence of this is that the IUM continues to expand and incorporate market driven research and academic qualifications into its 5-Year Strategic Plan.

Thank you!

A NAMIBIAN UNIVERSITY DEDICATED TO ITS PEOPLE'S FUTURE

VISION

To encourage and develop an African cadre of men and women who can operate at international standards in business and management.

MISSION

To establish a higher seat of learning in Namibia and train innovative specialists for the public and private sectors for Namibia and other countries in the world, and to train dedicated knowledge workers who will provide leadership at national and international levels.

PHILOSOPHY

To focus on the development of quality human capital.

CORE VALUES

Commitment, Professionalism, Relevance, Integrity, Excellence, Innovativeness

FACULTY OF

BUSINESS ADMINISTRATION

DOCTOR OF PHILOSOPHY IN BUSINESS ADMINISTRATION

Candidate Name: DR FAITH I. RAPULENG–TUELO

**Research Title: THE EFFECTIVENESS OF DIGITAL
MARKETING FOR THE PROMOTION OF THE
BOTSWANA HUMAN RESOURCE DEVELOPMENT
COUNCIL'S SERVICES**

Supervisor: DR. SHIHALENI NDJABA

About the candidate: The candidate holds a MSc in Strategic Management from the University of Derby, UK (2012), a BA - Mass Communications from Valparaiso University, USA (2001) and a Post Graduate Certificate in Enterprise Risk Management (2013). She is a member of PRISA, Digital Marketing Institute and the International Association of Business Communicators (IABC). She is currently the Head, Marketing Communications and Stakeholder Relations at the Botswana Human Resource Development Council.

Summary of the study: The researcher investigated the effectiveness and efficiency of digital marketing platforms, specifically social media (Facebook and Twitter) used by Botswana (HRDC) to promote its services in reaching out to its stakeholders, customers and clients. The research further interrogated other factors associated with the use of digital marketing platforms including: reliability, accessibility, age group preferences, comparison between digital and traditional marketing, returns on investment and the costs of digital marketing. A mixed-methods research approach was used. Purposive sampling was used to select 420 respondents of whom 348 (82.4%) responded to the questionnaire. From the respondents, 26 participated in one-on-one structured interviews, and two focus-group discussions were conducted with seven and 13 respondents, respectively.

The findings of this study have shown that HRDC's stakeholders, clients and customers prefer digital marketing, over traditional marketing because of the speed and interactivity of social media. However, due to unaffordability of data and inaccessibility of internet in rural areas, some respondents indicated they preferred the use of both digital and traditional marketing platforms while others solely preferred traditional marketing platforms. This research came up with recommendations that will assist HRDC on planning and executing its current strategic plan of 2021 – 2026 on digital capacity building, budgeting and how best to exploit digital marketing platforms for reaching different types of stakeholders, customers and clients.

THINKING ABOUT FURTHERING YOUR STUDIES?

Protect your qualification by studying at an accredited institution.

Namibia • Qualifications • Authority

Why should you study at an accredited institution?

The NQA only evaluates qualifications obtained at accredited institutions, whether in Namibia or abroad. Evaluation is the process of confirming whether qualifications are legal and authentic as well as the accreditation status of the institution they were obtained from.

What are the consequences of studying at an unaccredited institution?

Qualifications obtained at unaccredited institutions in Namibia or elsewhere in the world are not recognised as legal and therefore hold no value. As most employers request for NQA evaluated qualifications, holders of qualifications obtained at unaccredited institutions are likely to struggle securing employment and gaining acceptance at other institutions to further their studies.

There are many unaccredited institutions operating in Namibia and elsewhere in the world. It is therefore important for all prospective learners to verify the accreditation status of institutions before enrolling for studies so that they do not fall prey to these bogus institutions.

How do I verify the accreditation status of an institution?

The NQA assists prospective learners to verify the accreditation status of institutions in Namibia and anywhere else in the world. To make use of this free service, simply follow these easy steps:

- Visit the NQA website: www.namqa.org
- Download and complete the '**Request for accreditation status of an institution**' form
- Email it to: advice@namqa.org
- Expect your answer within seven working days

Alternatively, visit the NQA House located at:
Corner Bismarck and Dr. W. Kulz Street, Windhoek

For more information, please contact us on:

Tel: (061) 384 100

Email: marketing@namqa.org

or connect with us on **Facebook**

HIGHER EDUCATION AT A GLANCE

As per the Higher Education Act, 2003 (Act No 26 of 2003) the National Council for Higher Education (NCHE) exists to promote the establishment of a coordinated higher education system, advance the access of students to higher education institutions and promote quality assurance in higher education. To respond to this mandate, NCHE collects and analyses data on higher education programme access, orientation and output to serve as source for evidence-based planning to policymakers, researchers and academia. In addition to informing planning for Namibia's human resource development supply, the analysed data enable planners to adequately address issues of quality. Below you will find informative graphs on Namibia's higher education landscape.

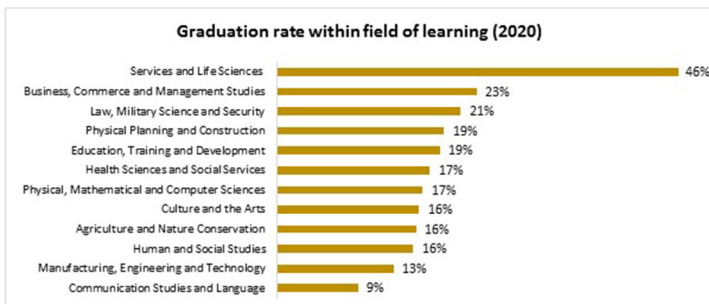

Student population grew from 53,661 in 2016 to 66,656 in 2020.

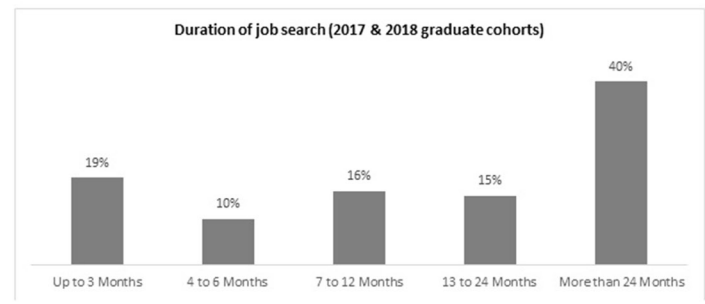

Majority of students enroll in education, training and development (46%) with only 22% in science, technology, engineering and mathematical (STEM) fields.

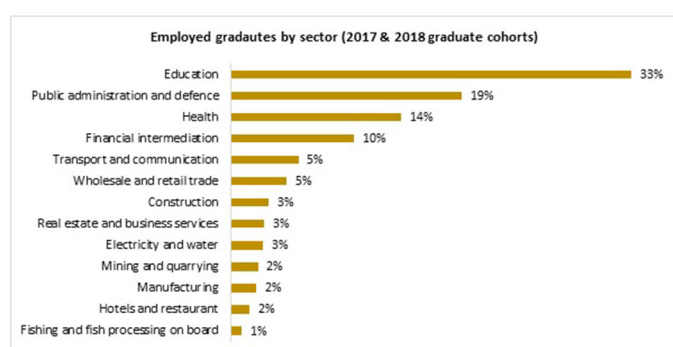

Graduation rate is high in services and life sciences field of learning (46%) and lowest in the field of communication studies and language (9%)

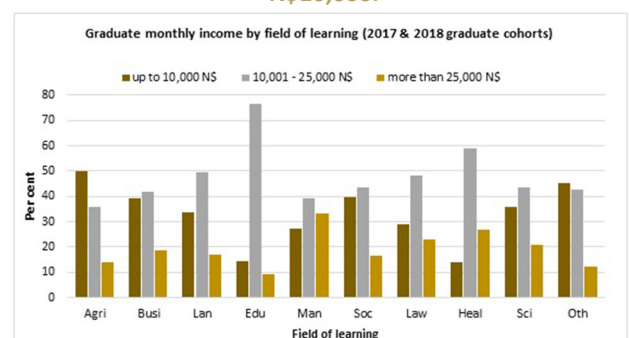

Lack of employment opportunities results in most graduates (40%) spending more than two years searching for jobs.

Graduate employment rates are high in the education, public administration and health fields.

Most graduates earn between N\$10,001 and N\$25,000 with the exception of agricultural graduates where 50% earn up to N\$10,000.

FROM THE DESK OF THE OFFICE OF THE IUM ALUMNI RELATIONS

A BIG WELCOME TO THE IUM ALUMNI FAMILY

The new kid on the block has arrived. It is making its presence known. The IUM Alumni Association, under the auspices of the Office of the IUM Alumni Relations. This office will be spearheaded by the Director of Alumni Relations and supported by the Alumni Relations Communications Manager, Alumni Relations Events Officer, and the Alumni Relations Administrative Assistant.

At the onset, the Office of the IUM Alumni Relations has developed a seven (7) prong approach model. This model provides the direction as to how the Office of the IUM Alumni Relations should operate as indicated below.

A SCHEMATIC REPRESENTATION OF THE IUM ALUMNI ASSOCIATION MODEL

PRONG 1: Is at the heart of the IUM Alumni Association. All the other prongs are connected to the IUM Alumni Association prong. This prong is the center piece of the IUM Alumni Association model which support the network of students who graduated from IUM, to raise the profile of the university. This prong also established the lifelong relationship with IUM alumni across the globe

PRONG 2: Are the alumni themselves. These are alumni who freshly graduated from IUM. They are not registered as members. In order to become a registered member, such alumni must apply for membership to the Association.

PRONG 3: Is the IUM Faculty. They will be referred to as "Affinity Groups". They play a big role in this equation. They will develop activities for alumni who received a qualification in their field of study and obtained a degree in their respective faculty.

PRONG 4: Are the Regional campuses, referred to as Chapters. Similarly, they will develop Chapter activities and events.

PRONG 5: Is the administration, such as the Office of the Dean of Students which will bring to light the IUM alumni participation in the Cultural Festival and the establishment of the IUM alumni choir. The Registrar's Office will provide the Office of the Alumni Relations with graduation statistics. Marketing and Communications Department will market all the activities and events of the Office of the IUM Alumni Relations online and in print. The Information Communication Technology (ICT) Services Department will develop the alumni database and provide training.

PRONG 6: Is the Student Sport Clubs which is also a Chapter. They will be responsible for organizing athletics and fun game activities for IUM students and the IUM alumni.

PRONG 7: Are the student organisations. They form a Chapter. They include the Students' Representative Council (SRC), International students, Debating Society etc., Student organisations under the leadership of the SRC will assist with the alumni membership drive for the Office of the IUM Alumni Relations. This Chapter will take up this task at all IUM official functions such as research day, public lectures, community engagement and at student orientations.

The IUM Alumni Association is a non-profit entity which is composed of Alumni Association members, freshly graduated alumni, affinity groups, Regional Chapters, IUM Administration, student sports clubs and student leaders.

The Office of the IUM Alumni Relations will focus on IUM alumni-related services. Such services will consist of the following: (a) alumni events or activities - example: homecoming, class reunion, alumni award ceremony, resource mobilization and alumni memberships drive etc., (b) alumni programs - example: IUM alumni scholarship program, IUM alumni mentoring program, IUM alumni career guidance program, IUM alumni leadership program and IUM alumni entrepreneurial program and (c) community engagement - example: handing over of hampers to our communities, HIV/AIDS education, COVID - 19 education and tutorials on Mathematics, English and critical thinking skills.

For the Office the IUM Alumni Relations to sustain itself, it has crafted categories of membership as follows which will pay membership fees according to the membership category of their choice: (i) Regular membership: all graduates who obtained a qualification from IUM (ii) Life membership: all graduates who prefer to make regular lifetime contributions (iii) Associate membership: faculty members who are non-graduates of IUM but teaching at the university and (iv) Honorary membership: all recipients of honorary degree conferred by IUM, Chairperson of IUM Governing Council and members holding the rank of Professor.

IUM Alumni Association under the auspices of the Office of the IUM Alumni Relations pledges to harness a healthy relationship with all its IUM alumni members. The IUM alumni relationship is for life.

Join the IUM Alumni Association where success is a tradition. Become a member for life. Walk this journey with IUM. When you join and become an IUM Alumni Association member, you guarantee yourself an extraordinary life.
