### MESSAGE FROM THE IUM FOUNDER AND CHAIRPERSON OF THE IUM GOVERNING COUNCIL 2022

Globally, Universities are what they are because of their unique backgrounds and because of people who went through their doors. It is of paramount importance, therefore, to note that graduates are the flagships of universities where they graduated from. I am extremely thrilled to observe positive efforts by the university leadership and former graduates to strengthen the IUM Alumni Association. Many universities around the globe particularly in the United States of America, Western Europe and of course in the Middle East and East Asia are what they are because of endowment funds and alumni associations.

I have no doubt that once all the loose nuts are tightened the pioneers of this noble course shall have no reason to worry about the positive impact this association will have on the future operations of IUM, the university we call our own. As I often say the reputation of any university is greatly enhanced by its population. Meaning that if graduates go out there and portray excellent behaviour then the reputation of the university is enhanced. Needless to say the entire IUM

**MESSAGE FROM IUM ALUMNI CONSULTANT**

As a fellow alumnus, I wish to encourage all the alumni of IUM to join the Alumni Association and become registered members. Furthermore, I encouraged all the alumni of IUM to become donors towards their Alma Mater and the Alumni Association. Research has shown that most of the funding of the Alumni Associations come from alumni

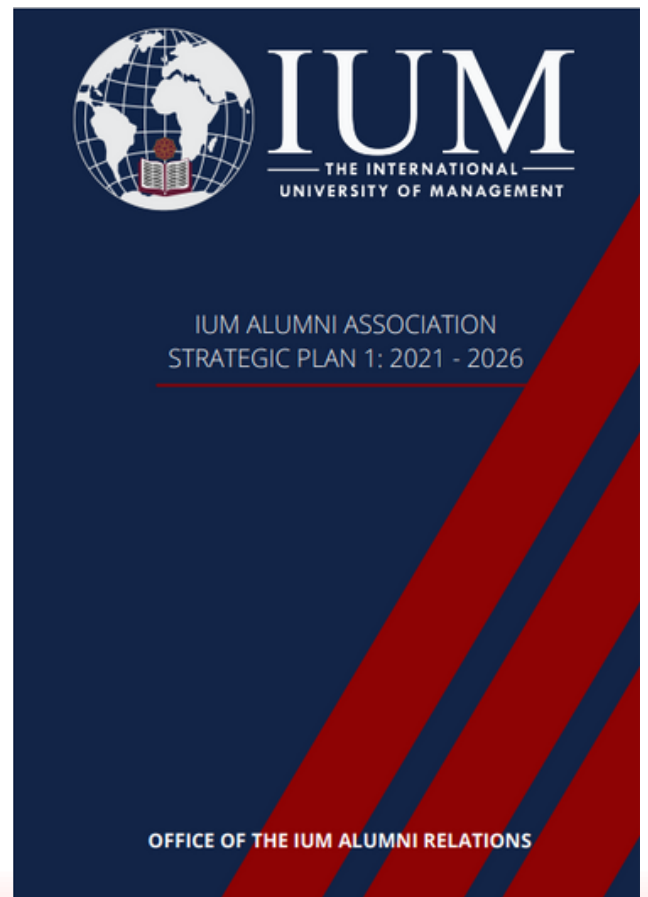

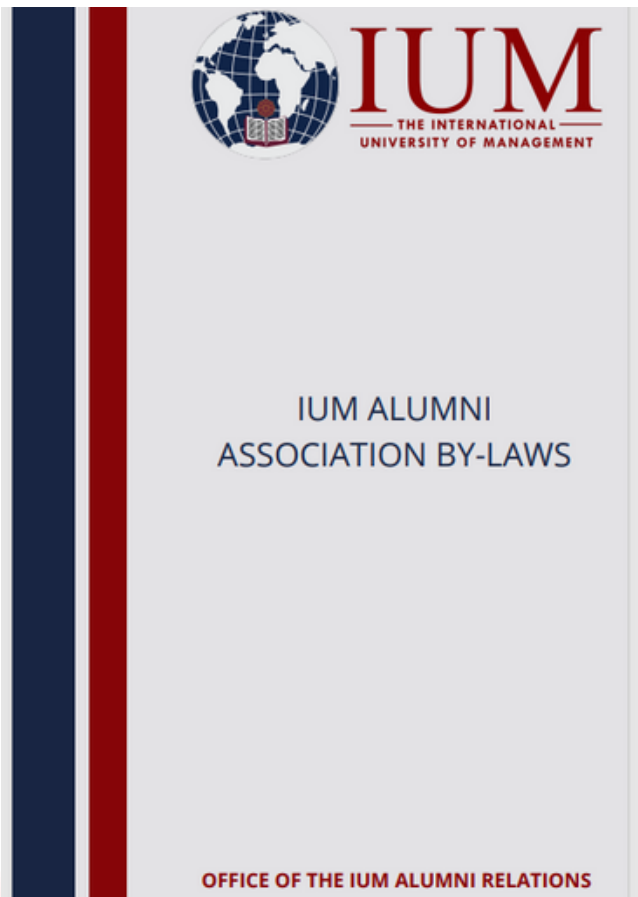

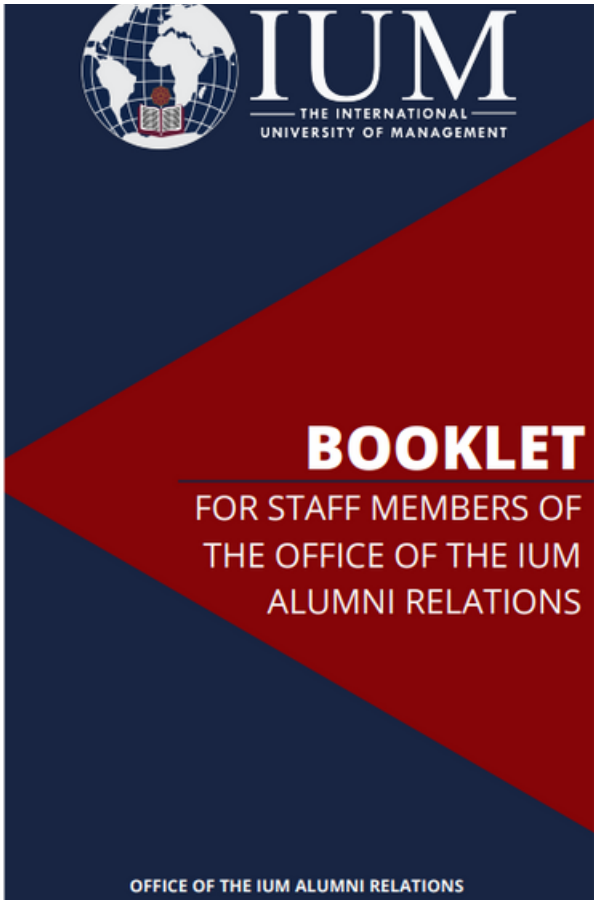

members by making handsome donations towards their respective Alma Maters and their respective Alumni Associations.

Universities are places where the students receive quality education to prepare themselves for the world of work. Students take up courses in various fields of studies to embark on an educational exciting adventure. Such an educational journey is possible because of the resources universities have, such as state-of-the-art facilities, receiving quality education, having access to the best professors, lectures and enjoying exciting social events for students on campus.

As the alumni fraternity of IUM, let us take up this humble request and become active donors for the future generations of tomorrow. Similarly, let us become philanthropists of the Alumni Association and IUM and make memorable contributions and contributions in-kind.

You are encouraged to pay your annual Alumni Association membership fee to support services of the alumni office. Please feel free to visit the IUM Website at ([www.ium.edu.na](http://www.ium.edu.na)) and browse the Alumni Association web page to get up-to-date information on the planned "Catalogue of the IUM Alumni Activities" for the academic year.
