

OPEN EDUCATIONAL RESOURCES (OER)

Open textbook collection	
Open Textbook Library https://open.umn.edu/opentextbooks	Open textbooks are textbooks that have been funded, published, and licensed to be freely used, adapted, and distributed. These books have been reviewed by faculty from a variety of colleges and universities to assess their quality. These books can be downloaded for no cost, or printed at low cost. All textbooks are either used at multiple higher education institutions; or affiliated with an institution, scholarly society, or professional organization. The library currently includes 711 textbooks, with more being added all the time.
Openstax https://openstax.org/	OpenStax specializes in creating materials for general education courses like Business, Humanities, Science, etc. All textbooks have been peer-reviewed and vetted by the higher education community
OAPEN https://www.oapen.org/	A freely accessible peer reviewed academic books in the fields of humanities and social sciences. The collection contains books that are ‘free to read’ and books that are ‘free to share’ that depends on which open access licenses authors applied.
BC Open Textbooks https://open.bccampus.ca/	Search for quality open textbooks and other OER offered in a variety of digital formats
Milne Open Textbooks http://textbooks.opensuny.org/	A growing collection of openly licensed textbooks in a wide variety of topics.
OER Commons https://www.oercommons.org/	OER Commons is a public digital library of open educational resources. Explore, create, and collaborate with educators around the world to improve curriculum.
LibreTexts https://libretexts.org/	Online textbook platform accessible to everyone via the internet, completely free
Merlot https://merlot.org/merlot/	The MERLOT system provides access to curated online learning and support materials and content creation tools, led by an international community of educators, learners and researchers.
